"Each new day beckons you to walk on the road of self-transcendence. We transcend ourselves, we do not compete with others. We compete only with our previous achievements and we get joy. Life is nothing but a perpetual possibility." - Sri Chinmoy

Over the years we have been delivering courses and workshops we have held many ceremonial events involving sonic healing practises of a wide variety. Gathering groups of people together in ceremony is a powerful and transformational experience for all involved. We have witnessed how enjoyable and effective these amazing sonic ceremonies are and it's a great joy to be able to deliver a retreat where we combine all of our sonic work into one experience. This five day retreat incorporates many of these life changing and life enhancing ceremonies seamlessly flowing into each other over the course of the stay, creating deep and transformative energetic shifts for those who will be in attendance. The retreat offers an incredible opportunity to take part and experience how we facilitate these powerful sonic ceremonies.

### YOUR ACCOMMODATION

Our retreat venue is the high vibrational centre Dev Aura (meaning House of Light) located in the beautiful Lincolnshire countryside. Located on the Greenwich Meridian Line, the energy here is quite amazing. Dev Aura is a very special place, standing in two acres of beautifully kept extensive garden, it also houses a meditation sanctuary. The Dev Aura house is light and airy with a spacious dining room as well as two sitting rooms. Guests are nurtured by the loving energy of this place for their entire stay and often don't want to leave! Because it is in a secluded location it is perfect for our retreat work. Dev Aura provides a delicious and

exclusively vegetarian cuisine using produce from their own organic garden which is situated in the grounds.

Emma our Chef for the stay, goes out of her way to accommodate people's dietary requirements so gluten free and dairy free vegetarian meals are catered for. Dev Aura House and grounds are completely non smoking. We have been visiting this special place for over twenty years and feel privileged to be able to run our courses and retreats here, as it truly is a special space for such work.

## WHAT TO EXPECT FROM THE RETREAT

Some of the ceremonies you will be taking part in:

- Celebration of Voice An extended Toning Ceremony
- Gong Puja
- Drumming ceremonies—Group Drumming, Drum Healing
- Drum Journeys
- Peruvian Whistling Ceremonies
- Singing Bowls Ceremony

We will intersperse the ceremonies with other powerful energetic practises, such as working with sacred chant and mantra. There will be yoga opportunities throughout the retreat also for those who wish to take part and exquisite moments of sacred silence!

The ceremonies are both sacred and interactive. We have chosen one of our most favourite centres, beautiful Dev Aura in the Lincolnshire Wolds. This high vibrational space holds people both gently and powerfully in its beautiful surroundings of colour and light. The special sanctity of this experience cannot be overstated and those taking

part in the ceremonies will be asked to acknowledge this, however Dev Aura provides many beautiful spaces to take yourself out of the ceremonial space for quiet time should you require it and we include space within the retreat timetable to enjoy the venue. We have also chosen the time of Beltane for this powerful experience. Beltane, known also as May Day, First Samhain (May 1<sup>st</sup>) or the Celtic Flower Festival, is a joyful festival of growth and new beginnings, and heralds the arrival of Summer—an auspicious time in the natural world where blossoms abound to remind us of nature's beauty and fertility. We have conducted many Beltane celebrations over the years. A time when the veil is thin between

the worlds, Dev Aura and its wonderful natural environment and Devic energy and our Transcendence retreat will provide a perfect opportunity for connection, a time to honour life, love and the light. A time to devote energy to growth and integration. A time of celebration, exuberance, and hope, when we should enjoy and appreciate the gifts of nature.

We also expect it to be a joy and fun filled time! A time of joy and celebration with like-minded, a time of potential. Participants are asked to maintain noble silence during the ceremonies outside of the practises to deepen the process and respect all who take part.

"The thing is, I've always tried to create transcendent moments. Moments that take people away from their concerns. Heaven to me is when people find a way to become so involved with life that they're no longer concerned for the future."— Jim Carrey
